Big Rapids Twp

14212 Northland

Big Rapids MI 49307

As some of you may know Mecosta County EMS is expanding and renovating the ambulance station connected to the services building on Northland Drive. This is a large project in which our ambulance crews and ambulances will be displaced for months. There are limited spaces in the Big Rapids area that meet our needs. I had a conversation with Chief Schroeder about the former Big Rapids Twp Fire Station. He felt that that building would meet our needs and did not take issue with us using it for a few months. I would like to ask the Big Rapids Twp board if we could utilize your building for 4 to 5 months. We do not have any dates at this point. We are planning to go out for bid in the next week. Thank you for your consideration.

Mecosta County EMS Director
